

Countryside Veterinary Clinic

June 2018 Newsletter

New doctor joins Countryside

We are delighted to announce that Dr. Kaylee Kreft has decided to join our practice. Dr. Kaylee Kreft earned her Doctor of Veterinary Medicine from Michigan State University where she focused on both large and small animals. She completed her undergraduate studies with a Bachelor of Science degree from Central Michigan University. She is very passionate about every aspect of veterinary medicine but is particularly fond of cats, cows and sheep. Dr. Kreft grew up in Northern rural Michigan and enjoys camping, hiking, biking, canoeing, and disc golfing. She and her boyfriend Greg along with their two cats Pidgin and Theo look forward to joining the community in Lowville.

NEW PRICE ON BOVICALC !

Countryside Veterinary Clinic in conjunction with Boehringer Ingelheim (BI) has reached a new adjusted price on Bovicalc oral calcium boluses. Boluses are now **\$6.50** each. This price is lower than any other distribution in the area. Please contact your herd veterinarian to learn how (Kyle Widrick)Bovicalc can be inserted into your fresh cow management program.
